

Within the context of Atelier in beeld, where over 2.000 artists will be opening the doors of their studios to the public, Off-Centre invites you to join a guided walking tour dedicated to the collective MAST (Molenbeek Artists Stronger Together). Launched by Anna Agoston, the initiative aspires to showcase the breadth and quality of artistic talent in Molenbeek. In response to the complexities of the contemporary art world, MAST brings artists together in a network where creativity grows from passion, dedication, and openness.

During the tour, participants will visit a selection of MAST artists' studios across the Molenbeek area. We will begin at the studio of Anna Agoston (@annaagostonart), who will offer a short introduction to the initiative and its vision. From there, the tour will continue to the studios of Saher Sahand (@yukhu.art) and Aurélie Prestigiacomo (@sunrise.studio), and will conclude with a visit to Zonnelied collectie (@vzwzonnelied), offering the opportunity to discover their artistic practices up close and engage directly with the artists.

We will close the tour with drinks and an informal conversation exploring the notions of emergence and establishment within the artistic ecosystem.

The tour is free, but registration is required via the link <https://forms.gle/CwohofCER2gvvHpr5>
